

## STUDENT DRESS CODE

The Atherton High community supports a student dress code policy and school uniform as it promotes the objectives of the Education (General Provisions) Act 2006. In particular, it:

- promotes a safe environment for learning by enabling ready identification of students and non-students of the school
- promotes an effective teaching and learning environment of eliminating the distraction of competition in dress and fashion at school
- fosters mutual respect among individuals at the school by minimising visible evidence of economics, class or social differences and promotes a supportive environment at the school by fostering a sense of belonging
- creates a positive image in the community and appearance is a very significant visible communicator about our school pride
- ensures compliance with workplace health and safety legislation.

Students comply with the dress code by wearing the everyday uniform or formal uniform as defined. This is a commitment parents and students make when they choose to be a part of the Atherton High family.
