

Mathematics (QCE111A)
Learning & Assessment Overview 2020

Semester 1		Semester 2	
MAT 11-12.01 Number and Algebra	MAT 11-12.02 Time and Fractions	MAT 11-12.03 Measurement, Shape and Location	MAT 11-12.04 Money and Financial Mathematics and Chance and Data
Students will explore a variety of literacy and mathematical concepts in real life, life-like and explicit teaching situations, through communicating within and exploring the language of number in everyday activities in the community. Specific focus will be on Number and Algebra.	Students will explore a variety of literacy and mathematical concepts in real life, life-like and explicit teaching situations, through communicating within and exploring the language of number in everyday activities in the community. Specific focus will be on Time and Fractions.
