

Junior Secondary Resource List

Welcome to Junior Secondary Schooling. The resource list indicates a variety of equipment and stationary that is required in order for the student to participate in classroom learning. Most consumables and equipment are provided as part of the student resource scheme, however, the following items are to be supplied by the student. A number of the items purchased are able to be used across year levels and therefore do not need to be purchased new each year. Please identify the subjects that will be studied by your child to prepare your list of resources.

It is expected that all students in Years 7, 8 and 9 will supply their laptop to work with at school and at home. For students to be 21st century learners, this is a mandatory requirement.

Standard Requirements

- 1 x Scientific Calculator (available from the tuckshop)
- 1 x USB Memory Stick (recommended minimum of at least 8GB)
- 1 x Laptop as per specifications below (Recommended)
- 1 x Large Pencil Case
- Pens - 2 x Blue, 2 x Black, 1 x Red
- Pencils - 2 x HB, 2 x 2B, 1 x 12 pack of Coloured Pencils
- 1 x Plastic Eraser
- 1 x 30cm Plastic Ruler (not steel ruler)

Laptop - BYOX – Bring Your Own Device

As a guide for parents we have provided the following advice:

The student/parent/carer pays for the following equipment:

- 1) The device (including keyboard)
- 2) Antivirus software (free versions available)

Optional additional equipment:

- 3) A good carry case or protective sleeve (highly recommended)
- 4) Any specialised accessories or software (user's choice depending on senior subject selection)

The school (EQ) provides each student's device with:

- 1) Office 365 Suite of programs (Word, Excel, PowerPoint etc.)
- 2) An email account and program
- 3) BYOX Connect Service (connects to secure school network and internet and adjusts security setting for safe use of device (<https://byox.eq.edu.au/byox-connect/Pages/default.aspx>))
- 4) Access to learning portals (e.g. learning place)
- 5) Other teaching and learning resources and selected online content
- 6) Server and/or cloud storage

Device Specification

- Device can either be a laptop or a tablet (Tablet must have an external keyboard)
- Screen should not be less than 11"
- Processor should be at least an i3
- Operating memory should be 4GB (RAM) or greater
- Hard drive should be at least 128 GB
- Device must have WI-FI capabilities to connect to the school's internet
- Antivirus software
- Wireless mouse

If any items that you have purchased were not utilised in learning for some reason please feed this information back to us so we can review and improve our resources list.
