

2026 JUNIOR SECONDARY RESOURCE LIST

Welcome to Junior Secondary Schooling. The resource list indicates a variety of equipment and stationary that is required in order for the student to participate in classroom learning. Most consumables and equipment are provided as part of the student resource scheme, however, the following items are to be supplied by the student. A number of the items purchased are able to be used across year levels and therefore do not need to be purchased new each year. Please identify the subjects that will be studied by your child to prepare your list of resources.

It is expected that all students in Years 7, 8 and 9 will supply their laptop to work with at school and at home. For students to be 21st century learners, this is a mandatory requirement.
