Student Dress Code

Atherton State High School has an authorised uniform. It has been developed through consultation with the community, students and staff members. The Student Dress Code (Uniform) forms a part of the Atherton State High School identity by making identification of our students easy, limiting competition regarding dress, fostering a sense of belonging, communicating school pride and complying with workplace health and safety legislation. It is endorsed through the P&C as it promotes the objectives of the Education (General Provisions) act 2006.

All students are expected to comply and wear the Atherton State High School uniform every day.
